DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on 6/9/03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

(1) The election of sub-species of 6/9/03 is inconsistent with the election of species of 4/1/03. On 6/9/03 applicant elected the species of Figure 3 and stated that claims 1-21 and 48-54 are readable on the species of Figure 3. On 6/9/03 applicant elected a sub-species of Figure 3 and stated that claims 1-4, 8, 10, 12, 13, 16-21, 46, 47, 51, 52, 55, 56, 60, 63-66, 70, and 88-91 are readable on this sub-species of Figure 3. Clearly, the 6/9/03 statement of the claims readable on the species\sub-species of Figure 3 is inconsistent with the 4/1/03 election of the species of Figure 3. **Applicant must now state with claims read on the species of Figure 3 that are restricted to the elected sub-species.**

And,

(2) Applicant did not properly elect between the sub-species of securing means; ie., (1) vacuum or (2) magnetic. Applicant states that the examiner erred in not including a category "mechanical" as a securing means and cites paragraph {0012} in as support for this position. The examiner did not error in not including a category "mechanical" as a securing means. Applicant fails to understand that the election of sub-species of 5/7/03 was based not on sub-species disclosed in the specification, but rather, was properly based on the **claimed** sub-species of the securing means. No sub-species of "mechanical" securing means was claimed prior to the 5/7/03 election. Accordingly, **it would not have been proper to include a non-claimed sub-species in the election requirement.** Applicant is not permitted to subsequently alter the

species categories after the election requirement has been made. **Applicant must now comply completely with the election requirement of 5/7/03 and elect a securing means as either (1) vacuum or (2) magnetic.**

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
